

Supplemental Material:

RESULTS

Supplemental Figure Legends

Supplemental Figure 1. Flowchart depicting participant progression through the survey study. CBD; cannabidiol.

Supplemental Figure 2. Proportions reported by CBD users ($n = 30$) for (a) the most common modes of CBD consumption, (b) methods used to determine an effective dose, and (c) certainty in achieving optimal CBD dosing. CBD; cannabidiol.

Supplemental Figure 3. Proportions of CBD users ($n = 30$) reporting different timing of CBD use in relation to (a) training and (b) competition cycles. CBD; cannabidiol.

Supplemental Figure 4. Orderly proportions of reasons for never using or discontinuing CBD use among most participants ($n = 79$). CBD; cannabidiol.
