

# Supplementary Data

**Supplementary Table S1. Individual Cannabis Use Characteristics of the Sample**

| ID | Length of use (months) | Days per week | Times per day | THC content/serving | CBD content/serving |
|----|------------------------|---------------|---------------|---------------------|---------------------|
| 01 | > 12                   | 7             | 1             | 10 mg               | —                   |
| 02 | > 12                   | 7             | 1.7           | 50 mg               | < 0.1 mg            |
| 03 | > 12                   | 7             | 5.3           | —                   | —                   |
| 04 | 6                      | 7             | 1             | 2 mg                | 10 mg               |
| 05 | > 12                   | 6             | 1.7           | 10 mg               | < 0.1 mg            |
| 06 | > 12                   | 7             | 3.9           | 18.24%              | 0.00%               |
| 07 | > 12                   | 7             | 1.4           | 1 mg                | 20 mg               |
| 08 | > 12                   | 7             | 2             | < 0.03              | 30 mg               |

THC and CBD contents are reported from the product labels that were returned to the investigators. Some labels did not list any CBD content. Products with “%” refer to smoked flowers.

“—” means value was not reported via label or participant.
