Dear Sir,

COLLECTION OF DATA

This is to introduce to you Mr. Michael Owusu-Adjei, PhD Computer Science student with index number PG20627433 of the Computer Science Department, Kwame Nkrumah University of Science and Technology.

He is undertaking a project work on the topic: "**Adherence Risk Prediction for Hypertensive Patients with Comorbidities Using Machine Learning Algorithms**" in partial fulfillment of the requirement for the award of his degree certificate and has chosen your outfit as his case study.

It would be greatly appreciated if you could give him the necessary assistance he may need.

The whole exercise will be of academic interest and any information provided will be treated as confidential.

Thank you for your co-operation and assistance.

for Prof. J. B. Hayfron-Acquah
HEAD
