

**Table S1.** Reported severity grades of CIPN-related symptoms before and after six months of cannabis treatment.

| Symptom                        | Mean | SD   | Median | Min | Max |
|--------------------------------|------|------|--------|-----|-----|
| Before                         |      |      |        |     |     |
| Burning sensation              | 1.05 | 1.22 | 0      | 0   | 3   |
| Sensation of cold              | 0.33 | 0.73 | 0      | 0   | 3   |
| Paresthesia (prickling)        | 1.4  | 1.08 | 1      | 0   | 3   |
| Numbness                       | 0.55 | 0.91 | 0      | 0   | 3   |
| After 6 months                 |      |      |        |     |     |
| Burning sensation change       | 0.66 | 1.11 | 0      | -1  | 3   |
| Sensation of cold change       | 0.21 | 0.72 | 0      | -2  | 3   |
| Paresthesia (prickling) change | 0.88 | 1.22 | 0      | -3  | 3   |
| Numbness change                | 0.31 | 0.85 | 0      | -3  | 3   |
