Data Format

Variable Name	Format	Position	Description
Response ID	Character	1	Unique Response Identifier
User ID	Character	2	Unique Participant Identifier
Survey Started Date	Character	3	Date participant started to answer the survey
Survey Started Time	Character	4	Time participant started to answer the survey
Survey Submitted Date	Character	5	Date participant submitted survey
Survey Submitted Time	Character	6	Time participant submitted survey

Time Zone	Character	7	Identifies the time zone in UTC of the participant at the time of survey submission
Submission Location	Numeric	8	Location of the user at the time of response submission
Device OS	Character	9	Identifies the device operating system at the time of submission
Device OS Version	Character	10	Identifies the version device operating system at the time of submission
App Version	Numeric	11	Identifies the app version downloaded on the participant's device at the time of submission
Trigger Date	Character	12	Identifies the date that the trigger was prompted to participant
Trigger Time	Character	13	Identifies the time that the trigger was prompted to participant
Trigger Type	Character	14	Identifies the type of trigger that was prompted to participant
Trigger Name	Character	15	Identifies the name of trigger that was prompted to participant
Trigger Index	Numeric	16	Identifies the order of the trigger based on the parent prompt that the trigger was based on
